- I think you should leave  
egg game.

finally changed into my gunner.

decide to stalk and find werewolf  
named Hayden.

followed the path that toom  
found and encountered two  
sets of boot prints, one  
likely Hayden, one small  
feminine like,

Asked old Gossip lady  
about them. They hear info  
lady Zadna's house.

She also watches from a book  
Nook.

Vermicious Abomination was not  
Hayden The werewolf.

Got into lady Zadna's Place  
But was informed she  
escaped and murdered like  
20 people.

Arandon found a diary that  
mentioned Zadna had an  
accident as well as don't  
go to the first floor Bathroom  
cause poor will.

Arandon found a plant that attacked  
them in the green house. Tome  
and Salt helped kill the plant.

Viridis explored more and found  
a little pathic worm.

Myrtle eventually lost detect  
magic and we joined up  
every one.

Viridis found the pathic worms

Then answered them.

The worms killed Arandon  
and we took the important  
items off their body.

Myrtle and Viridis salvaged  
worms.

Brought Arandon's corpse to the  
Guard and got a corpse  
cart called to process  
and bury the body.

Tome found the food in  
mid preparation, it's a  
couple weeks old like  
everything.

We continue in investigations.

The Tangle weed was specifically  
planted here.

In thinking about the drain like  
I gained some flashes of  
images of something in the  
soil that called upon me,  
And I answered.
