Recap:

more enchanting

Eliza speaks to a Taneshi
seeks to make skips for
more conversation

We head towards edge of city
with more up exits.

They speak to us in common as
we approach.

Ozina wants to inspect the
watch, Eliza asks and
sets pointed to death caste

We head there.

Talk to the death caste
super visor.

asks about place to prevent
screaming

informed at crystal cave but
need to take Roudy Ghaul

Ozina cons it.

Brought to Ghaul's Serconghagan

Ghaul sent to watery grave
for an eternity
written in Highfalicious

We are led to the crystal
cave, magic feels weird.

Ozina investigates watch more.

Rita bac is Taneshi death caste
supervisor

We find out they can resurrect
and so. will do two
if we bring the fallen
angel's corpse.

The Ghaul can spell cast
it's claws Bear claws.

This is happening during Aryandon's
Resurrection.

Ozina begins copying from
myrtle's spell book.

Aryandon returns somehow
cause spell failed, He's
alive.

We begin heading to fallen
angel on Grave Caste's
crustacean

Ghaul writes "I am Curse you"

We are delivered to the Base
of the tower

undead are alert
viridous is partly repaired
time feels dread and despair

I put on the mask, it grows fangs
and has a really wild grin
and deep red eyes. Reminds
of vampire but older.

We enter the tower

I choose eldritch skite

The divine says we failed,
never found actual AVO
nor swim lux channel.

The tower was to use grief
and sorrow to overcome

The divine is stuck in the
grief.

We argue with it on our
way down

The angel is coated in like
a rusty tarnish.

it's a fallen imperial, a
very mighty angel.

Amyrany, deceased deity of
sorrow, this servant is
a gift of that.
